D.K.Chemical

WoodGuard™ Water Base Poly-urethane Varnish

Description:

WoodGuard™ Water Base Poly-urethane Varnishes are a completely unique VOC(Volatile Organic Compounds) and HCHO(Formaldehyde) free range of decorative finishes. The varnishes are safe, **nonflammable**, environmentally friendly wood stain that everyone can use easily regardless of his or her experience. The elimination of organic solvent use frees the user from exposure to toxic fumes and the risk of fire, especially when he or she uses it in confined or sealed places.

Application:

Furniture, wooden door, window frame, wooden floor, wooden ceiling, and other wooden structures.

Colors Available:

Transparent, Ivory, Pink, Beige, Light brown, Light yellow, mint blue, etc
